

EAST FORK CARSON RIVER AREA INFORMATION

Accommodations & camping are available in the picturesque old town of Markleeville, where we meet for all of our trips. The Grover Hot Springs State Historic Park is located just out of town. Think about enjoying the local area for a few nights before or after your trip. Alpine County is the least populated county in California, or for more recreation, sight-seeing and night-life, visit South Lake Tahoe only 39 miles to the north.
